

CAMP KANUGA

Pioneers Expeditions Program Pisgah Expedition Schedule

Master the exploration of rivers, mountains and sky on the Pisgah Expedition. Pioneers begin at water level, kayaking on the Green River, then move to mountain tops, biking through the extensive trails of DuPont State Forest. Finally, they'll climb to the treetops to see the forest from a new perspective on zip line canopy tours. Meg's Outpost will serve as home-base for these Pioneers, bringing their adventures home to share with their residential camp family.
