

Knitting and Quilting at Kanuga '20

Project Descriptions

Knitting

Baby Sleep Sacque

Instructor: Boykin Exum

Make a raglan sleep sacque in one piece to snuggle with your little one. Also, it is good for putting him or her down for a nap in cool weather, normally with no need for additional cover. Made so you unbutton only what is necessary to change diaper while still keeping the baby's arms and body warm. Sleeve cuffs can fold over hands to keep hands warm and bottom is buttoned to keep feet warm.

This project is good for beginners and makes a great baby shower gift.

Skills needed: All levels, including learn to knit.

Class Limits: Minimum 5; Maximum 15.

Harmonious Echo Cabled Pullover

Instructor: Heather Storta

Join us as we learn all about traditional Aran sweaters, cables, and sweater knitting techniques while beginning to knit this intricate cabled pullover. If you don't want to knit the whole sweater, I will provide a pattern for a cowl instead, and you will still take away lots of skills to add to your knitter's toolbox!

Skills needed: Intermediate

Homework: gauge swatch

Class Limits: Minimum 5; Maximum 15

Refined Baby Surprise Jacket

Instructor: Jolie Elder

It seems there is always someone having a baby! This classic little cardigan pattern from Elizabeth Zimmermann is such a fun knit you may be looking forward to the next baby shower. My contribution is a series of refinements that ensure a finished chain stitch on all raw edges, an elegant flat shoulder seam, a cast-off that prevents one stripe having an extra row, and a striping planner. The overall pattern is garter stitch. If you are a confident beginner — i.e. you can cast-on, bind-off, and keep your stitch count consistent while you knit — this is a great first sweater project.

Must know how to: knit, cast-on, bind-off, keep consistent stitch count.

Homework: swatch for gauge.

Class Limits: Minimum 5; Maximum 15.

Portuguese Knitting

Instructor: Mimi Kezer

Learn this fast, efficient knitting style which produces a lovely, even tension as well as being easy on the hands. A great tool for stranded color work, there are many applications for its use with both English and Continental knitters. The class will begin with the basic knit and purl stitches, tensioning styles, then delve into ribbing, and various increases and decreases. Caution: it's addictive!

Skills needed: All levels. Class suitable for beginners.

Class Limits: Minimum 5; Maximum 15.

Hartstoke Gage Mittens

Instructor: Varian Brandon

The motifs on these mittens are reminiscent of 16th-century tapestries. Their vertical symmetry adds interest and enjoyment to this colorful pair. Just enough to be fun. Not enough to be overwhelming.

The traditional shaping of each mitten starts at the cuff with a small hem and a picot edge at the hem turn. A series of decreases and increases shape the wrist for easy comfort.

The mittens can be worked in your choice of method to work small circumferences...i.e. Magic Loop, dpns, 2-circs. All methods will be discussed. Kits with Elemental Affects Shetland yarn will be available.

Skills needed: knit, purl, increase, decrease.

Class Limits: Minimum 5; Maximum 15.

Bring Your Own – Knitting

If you are trying to get a project finished and just need some dedicated time to finish it up, bring it along and join others by the fire with needles and yarn. Instructors will be available to help if you run into a problem and everyone will be available to admire your work!

Knit Fix

Do you have a project you are stuck on? Bring it along and Boykin can help you work out the problem and get your needles knitting again.

Quilting

Spinning Pinwheel

Instructor: Rosemary Summers
Spinning Pinwheels is a pinwheel pattern using your favorite fabrics. It's perfect to use up all those scraps you have calling your name!! The construction of the units gives you two contrasting blocks at a time. **Studio 180 Design's Tucker Trimmer I® & Magic Wand® tools are required.** *If you prefer, you may use the Tucker Trimmer III®* You can decide how large a quilt you would like to make since the pattern includes sizes from lap to king size!!
Skills needed: Intermediate quilter

Mountain Blaze

Instructor: Rosemary Summers
This eye-catching pattern boosts your skills in using your Rapid Fire® Lemoyne Star tool to construct Blazing Lemoyne Stars. Perfect blazing stars set within a border of "mountains" makes this a sparkling wonder all your friends will marvel at!! Pattern contains both twin and king size quilts. Suitable for scraps. **Requires Studio 180 Design's Rapid Fire Lemoyne Star and Tucker Trimmer III tools.**
Skills needed: Intermediate quilter
