New tools: Required: Eighth Inch Tucker Trimmer and Tucker Trimmer I or Pint Size Tucker Trimmer (optional)

The Triple Feathered Star by Marsha McCloskey

Book: Feathered Star - Quilt Block - I by Marsha McCloskey

Required: The Book is required for this project, however, the book is out of print. BUT, you can DOWNLOAD a copy of demand. Go to **Feathered Star Productions** website, click on books by Marsha McCloskey, Blocks I, then click on the blue link that takes you to Blurb books, Print on demand. The cost is \$25.00.

She also uses a Bias square rule that has 1/8" and 16th measurements. Deb Tucker just recently released the Eighth Inch Tucker Trimmer and the Pint Size Tucker Trimmer. We will make the Feathered Half Square Triangles using the **Eighth Inch Tucker Trimmer** and the **Tucker Trimmer I or the Pint Size Tucker Trimmer**. The rest of the pieces will mostly be made and constructed following Marsha's instructions. I have some tips and tricks. I have two samples made, one with two colors as in the book and one with three colors which is what you saw last year. This block finishes to 38" x 38". It can then be put into a quilt top layout with surrounding Lemoyne Stars, set on point or made into a table topper. Creativity abounds!

Fabric Requirements: still working on fabric estimates:

Light	1 yard
Dark	1 yard
and possible third color	
Coordinating	1 yard

And, introducing a new tool in combination with other tools already in your tool box -- the **Split Rects** makes elongated half square triangle units. There are three patterns to choose from all using the Split Rects tool in multiple sizes. Make a complete project or put together a section only to create a table runner, table topper or a wall hanging.

Northern Neighbors pattern by Studio 180 Design

Required tools: Split Rects, Corner Beam, & Wing Clipper I

This quilt was originally made with scrappy red fabrics for our Canadian neighbors. It is also stunning as a scrappy bright quilt. You can also make just one section to create a fun table topper. Make this maple leaf pattern in autumn colors for that festive season.

Scrappy dark reds	4 3/4 yards	6 1/8 yards

Outer Border	----	1 3/4 yards
Binding	1 yard	1 1/4 yards

I will have all of the above patterns plus the new Pulsar Block of Month pattern using the Star 60!
